

Lifetime Lab Workshop Information for Class Teacher

School: _____ Teacher name: _____ Date: _____
Class level: _____ Number of pupils: _____

Thank you for booking your class into a Lifetime Lab Classroom Workshop.
We look forward to meeting you and your group and hope you enjoy the
experience. Please read the information below.

For your information:

- As stated in the booking form a 1:10 adult to child ratio is required on the day.
- The Lifetime Lab bus will pick you up between 9am - 9:15am
- All children must wear their seat belts on the bus and accompanying adults are asked to ensure the children are adequately supervised.
- The workshop is just over 3 ½ hours in duration. A school arriving at Lifetime Lab at 9.45 am would depart at approximately 1.30pm.
- Each child is to bring a packed lunch. The children will take their break in the playground, weather permitting. For this reason it is strongly advised that they bring coats. Complimentary tea/coffee is available to accompanying adults.
- The class teacher is asked to sign during the break and payment is to be made at this point. The cost of the workshop, including bus transport is €150.00.
- Class teachers are more than welcome to bring a digital camera. A number of schools will be invited to feature their photographs on our website once guardians' permission has been confirmed.
- The schools' section of our website, www.lifetimelab.ie, offers information on the workshop structure and content.
- If the school is registered with the Discover Primary Science (DPS) programme the class will receive a DPS certificate of attendance on the day.
- If you have any further queries please do not hesitate to contact us.
